

REMARKS

1. Applicants acknowledge with appreciation the courtesy of a telephone conversation on May 10, 2006 between Examiner Olisa Anwah and Applicant's Attorney Jeffrey Klayman regarding the opportunity for Applicant to replace the pending claims with a new set of claims. Examiner Anwah indicated that no office action has issued and therefore indicated that Applicant has time to replace the pending claims with a new set of claims.

2. Claims 1-32 are being canceled and replaced with new claims 33-65. Applicant respectfully submits that the new claims are fully supported by the specification. Specifically, video and image messaging was clearly described in the original specification, for example, on page 15, line 21 through page 16, line 26. For example, starting at page 15, line 27, it is clear that the calling party may respond by announcing a video message, which is stored at the message center and may be compressed and/or encrypted prior to transmission to a paging center. Also, starting at page 16, line 19, it is clear that the message center may receive a facsimile image or a video telephone message, which could be stored and transmitted to a paging receiver adapted to store and view facsimiles or video images.

3. All pending claims are believed to be in a form suitable for allowance. Therefore, the application is believed to be in a condition for allowance. The Applicant respectfully requests early allowance of the application. The Applicant requests that the Examiner contact the undersigned, Jeffrey T. Klayman, if it will assist further examination of this application.

4. Applicant request that deposit account number 19-4972 be charged for any fees that may be required for the timely consideration of this application.

Date: June 7, 2006

Respectfully submitted,
